

HELLO,AS AN OVER-THE-ROAD (OTR) DRIVER i DEPEND ON XM SATELLITE FOR "COMPLETE" COVERAGE OF TRAFFIC CONDITIONS THAT ARE OF VITAL TO MY DAILY SCHEDULE.

I TRAVEL TO ALL MAJOR METRO AREAS EAST OF THE MISSISSIPPI RIVER AND HAVE FOUND THAT LOCAL COVERAGE OF TRAFFIC CONDITIONS ARE WAY TOO SHORT AND CONTAIN 3 TIMES THE AIR FOR COMERCIALS RATHER THAN TRAFFIC CONDITIONS.

I NEED FULL AND COMPLETE TRAFFIC INFORMATIONS, NOT A SPOTTY REPORT OF ONE AREA THEN FINDING MYSELF HAVING TO WAIT 20-30 MINUTES FOR ANOTHER UPDATE. BY THAT TIME I AM FACED WITH BEING TRAPPED IN THE VERY LOCATION THAT I WAS TRYING TO OBTAIN INFORMATION ABOUT.

PLEASE CONSIDER THIS AND THE OTHER REQUEST THAT YOU RECEIVE WHEN REVIEWING THE NAB PETITION 04-160.

THANK YOU.

CORDIALLY,
